Thanks; sounds like the workplan is still a work in progress.

Aaron-

Hello. Can you please tell me if NRC is planning to submit the workplan for additional cleaning of pipe equipment today, and approximate time? And if not today when would you foresee submitting it to EPA? Please let me know as soon as possible. Thanks,

James Petersen, P.E.

which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
